

29 MAR 1993

DIRECTOR OF NAVAL NUCLEAR PROPULSION PROGRAM
NOON

Mission: To execute responsibilities of Executive Order 12344, enacted as permanent law by Title 42, U.S. Code, Section 7158, and ensure the Naval Nuclear Propulsion Program continues to function with excellence.

Functions:

1. Directs the Naval Nuclear Propulsion Program.
2. Appraises continuously all aspects of the Naval Nuclear Propulsion Program, and initiates appropriate action.
3. Supervises technical aspects of Navy's nuclear propulsion work, including:
 - a. Research, development, design, procurement, specification, construction, inspection, installation, certification, testing, overhaul, refueling, operating practices and procedures, maintenance, supply support, and ultimate disposition of naval nuclear propulsion plants, including components thereof, and any special maintenance and service facilities related thereto; and
 - b. Training programs, including naval nuclear power schools, and assistance and concurrence in selection, training, qualification, and assignment of personnel reporting to the Director, and of government personnel who supervise, operate, or maintain naval nuclear propulsion plants.
4. Is responsible for:
 - a. The safety of reactors and associated naval nuclear propulsion plants, and control of radiation and radioactivity associated with naval nuclear propulsion activities, including prescribing and enforcing standards and regulations for those areas as they affect the environment and safety and health of workers, operators, and the general public.
 - b. Administration of the Naval Nuclear Propulsion Program, including oversight of program support in areas of security, nuclear safeguards and transportation, public information,
